

SmartDrive

SmartDrive offers a video-based safety program along with transportation intelligence allowing you to rapidly improve fleet performance. The combination will help eliminate risky driver behaviors while also lowering fuel and operational costs.

How it works

- Pre-Installation Site Survey
 - Customize the program to fit your fleet's unique needs
 - External, internal or 360° view cameras
- Define what events trigger recording
- Recorded video is reviewed by SmartDrive, scored and prioritized for coaching
- Safety managers can coach drivers before a collision occurs
- Fast access to video enables you to protect drivers when they need it most
- Transportation intelligence offers insights into specific driver and full fleet operational data

THREE STEPS TO COACHING SUCCESS

1. **PREPARE:** Quickly identify skills to review with driver
2. **COACH:** Review videos with driver
3. **SUMMARIZE:** Add notes for session outcome and next steps
